

## RADIO CUMAS

The CPS Radio Group was formed to develop the talents of students who have an interest in media and community radio. Members of the club are taking part in a 10 week module that will lead to a Fetac Level 4 Certificate in Community Radio. Students are working with local broadcaster Ian O'Connor, from Phoenix FM. Ian has been helping the members to prepare for conducting interviews with members of the local community. So far they have interviewed Mr. Scully, principal of Scoil Grainne and local church leader, Dave Francis. The Club offers students a great opportunity to develop a range of communication skills and they all describe it as great fun.
